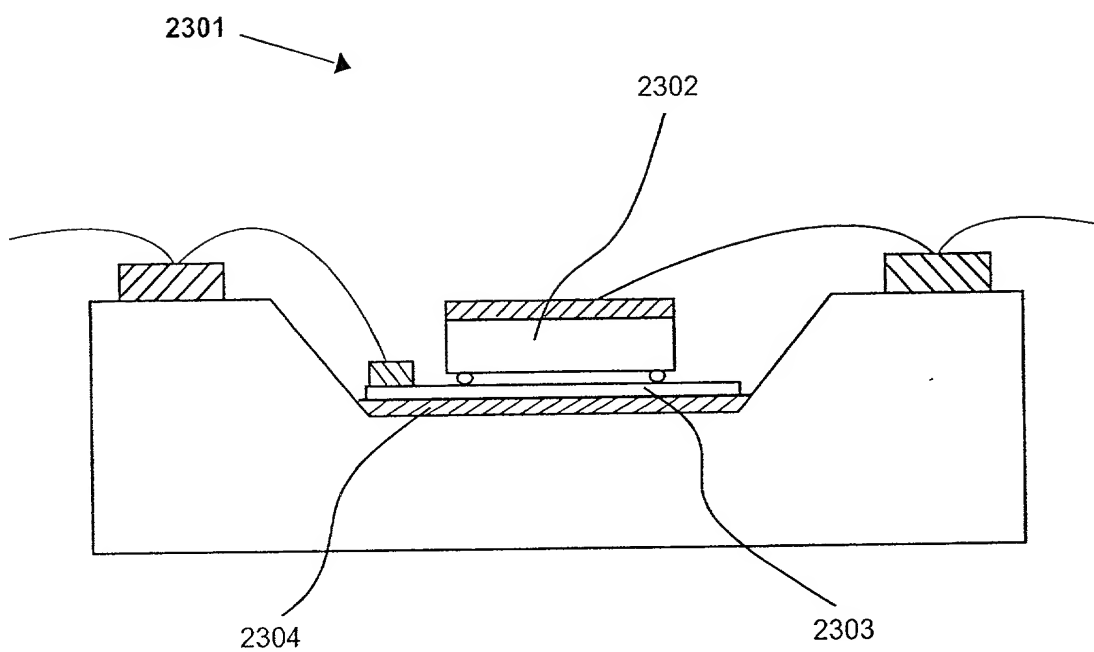

Fig. 23

A cross-sectional view of a semiconductor device 2401. The device features a central substrate 2404 with a central layer 2402. This central layer is flanked by two side regions 2403. The side regions 2403 are further flanked by two outer regions 2405. The top surface of the device is a curved, dome-like structure 2410. A dimension line with arrows at both ends is positioned above the dome, indicating its width or diameter.
